► WINDFORCE Conference

Over the past eight years, the WINDFORCE conference has become the event where the offshore wind energy industry in Germany meets together with international participants from some 15 countries. More than 800 participants came to the 2012 conference, proving how important and significant this event is. In 2012 in conjunction with the conference WINDFORCE offered an international trade fair. For the first time the event moved from Bremerhaven to Bremen. With more than 260 exhibitors and 6.000 visitors the premiere was a great success.

VENUE AND ACCOMODATION (TBC)

Radisson Blu Waterfront Hotel &
Stockholm Waterfront Congress Centre
www.stockholmwaterfront.com

CONFERENCE FEE

all-inclusive price at EUR 990, without accommodation
WAB members EUR 750, without accommodation
Please register online under www.windforcebalticsea.com

WINDFORCE Baltic Sea offers a unique focus on the challenges in the Baltic Sea. The two day conference targets on experiences and questions concerning offshore wind energy in the Baltic Sea. The conference will be continued annually, every year in another country of the Baltic Sea.

In comparison to the North Sea the Baltic Sea shows some important differences:

- lower depth of water
- more monopiles
- better grid connection
- lower cost of logistics
- farms closer to the costs

SPONSORING POSSIBILITIES ARE AVAILABLE

The Wind Energy Agency WAB

The Wind Energy Agency WAB is the leading business network for wind energy in Germany's northwest region, and the national point of contact for the offshore wind energy industry in Germany. The association counts among its members more than 350 businesses and institutes from all areas of the wind energy sector, the maritime industry and research institutes. WAB is financed by the State of Bremen and membership fees.
